Home News.

Please Settle.

The ENTERPRISE has been very lenient with its patrons and carried some of them a long time, but must now request them to please settle, as we contemplate some improvements and need the money. They will please take notice.

40,000 pounds of lime for sale at J. M. Ochoa's.

American bakery never closes. Lunches served at all hours day or night.

A beautiful line of Cheviots received this week at Rittenhouse's.

Blind Charlie, of Phenix, was here this week entertaining Florentines.

Sheriff Fryer went to Tucson this week on business connected with his office.

If you want good, healthy, sweet bread go to the American bakery.

There was a very enjoyable social dance in the dining room of the Florence hotel last evening.

Another lot of dry goods, fancy goods, notions, ladies' furnishings goods received this week at Rittenhouse's.

A letter from San Bernardino announced that little Walter Bailey has passed the crisis and will recover.

Lunches, tea, coffee, milk, sandwiches, pies, cakes, etc., at the American bakery.

Mr. Peter Will has provided his brow with handsome screen doors, and Messrs. Miller & Keating have followed suit.

Mr. J. V. Wilson gave a social dance at his new residence, north of the river, Sunday evening, and a pleasant time was the result.

Mr. William Kellogg, formerly of this place, is now located at Vulture and doing well. He is with his brother-in-law, Mr. Eugene Estabrook.

Mr. Fred Segovia is sinking a well at Enterprise station, and if he gets water the station will probably be reopened. Fred will use it as a cattle ranch.

J. D. Rittenhouse's team makes three trips a week to the depot. Fresh goods coming in all the time. All goods guaranteed and everything first class.

Mr. G. N. Finch and Mr. Ed. Whitlock, of the San Pedro, were here Thursday on business. They report everything quiet, but prosperous, on the San Pedro.

The School Board will appoint a census marshal next week, as it is now time to take the school census. The school election will take place the last Saturday in June.

Mr. B. H. Martin had brought down from his Pinal range this week a fine herd of graded cows and calves and turned them into the alfalfa pasture on his Danner ranch.

Mr. B. J. Drew has leased the old Lewis house, and will have it repaired and renovated and open a boarding house therein. She will run both this and the canal boarding house.

Mr. George Young, a first class millwright, arrived here this week from California to erect Hon. P. R. Brady's new flouring mill. The new machinery for the mill will soon arrive.

We are at liberty to give names, but we will state that one of the most distinguished men of the nation has taken stock in the Florence canal, and this fact means a great deal for the Gila valley.

Agent Howard has purchased for the Pima agency a handsome pair of wagon scales, to be used in weighing Indian wheat. Poor Lo will now be able to ascertain how much wheat he raised before hauling it to market.

A divine, who was paying the ENTERPRISE a visit last week, does not consider Arizona a very good field for evangelizing. He says there is something about the climate that tends to evaporate the spiritual part of a man's nature.

New families are coming into Florence every week and locating. Two came this week. Florence is on the verge of a boom, and when it starts it will be permanent, for the reason that the resources of Florence will justify it.

By order of the Board of Supervisors, the Clerk has procured for County Surveyor Lemon a record book and blank certificates of survey, so that hereafter a regular official record of surveys will be kept. This is a good move.

The canal grading camp was moved half a mile nearer town Monday. It is now only five miles away, and at the present rate of progression of the work on the canal the last of next month will find the camp opposite Florence.

Mrs. C. A. French has remodeled and renovated her restaurant, Main street, and it is now the most cozy, cool and comfortable dining room in town, and is entirely free from flies. No pains will be spared to give satisfaction to patrons.

Mr. J. M. Ochoa received this week a new and novel style of the celebrated Howe counter scales. People go in and buy groceries just to see these new scales work. They will weigh anything from a pin head to a pile driver. Call and see them.

The entire Ochoa block on Main street, including the publishing room of this highly moral and truly religious sheet, received a new coat of paint this week. The brush was artistically wielded by Mr. S. M. Torres, and the job is a credit to him.

Messrs. Gilbert and Solomon were in town Thursday after a load of supplies. Mr. Gilbert has commenced work upon the War Eagle mine, an extension of the Tiger, and the vein has widened out from ten inches to two feet and makes a fine showing of ore.

Mr. R. H. Martin's household and kitchen furniture arrived here from Pinal Tuesday, and Mrs. Martin came down Monday. They are now permanent residents of Florence, and will be cordially welcomed as a valuable acquisition to our population.

As an evidence that business here is increasing and the circulation of coin growing, we will mention the fact that two faro banks have been opened and run full blast every night with a liberal patronage. This is an unmistakable sign of growing prosperity.

The twelve-year-old son of Mr. John Tantina, while fooling with a shotgun Sunday, accidentally discharged it, and the shot took effect in his right leg below the knee, shattering the bones of the leg. Dr. Harvey was called and dressed the wound, which he says is painful, but not dangerous.

News comes from San Bernardino to the effect that little Mollie Long, the bright and interesting little daughter of Mrs. Mary E. Bailey, is liable to lose one of her eyes from the effects of measles. This will be bad news to the people of Florence, where little Mollie is so well known and loved.

Mr. Perry Walbridge, of Casa Grande, has purchased a lot at Tempe, near the Normal School building, and will erect a dwelling house thereon. As Messrs. Mr. Champion opens his lumber yard at Tempe Mr. Walbridge, who has proven himself a very competent young gentleman, will take charge of it.

Mr. John Dore, of Pinal, passed through here Wednesday with some Eastern capitalists en route to Pinal to examine some of Mr. Dore's mining properties. We have not seen the properties in question, but have always heard them spoken of in the highest terms. We hope Mr. Dore will make a sale.

The most complete assortment of Ladies', Misses', Gents', Boys' and Children's Hats received this week at Rittenhouse's.

Report comes from the Vekol to the effect that Mr. H. Hind has made a rich strike upon his mine one and one-half miles from the Vekol. The ore is the same as that of the famous Vekol, and is said to exist in large quantities. We hope the report is true, as Mr. Hind is one of the most deserving young men in the Territory.

Messrs. Drew & Bamrick are now ready to accommodate the public with anything in the line of a feed and livery stable. They have purchased fine stock, both carriages and saddle animals, and can give any one wishing it either a hand-some turnout or gentle saddle horses. Particular attention paid to animals entrusted to their care. Parties may order teams to meet them at any point. Also proprietors of the stage line between Florence and Silver King. 6-40t

A building and improving association would be a good thing in Florence. There is nothing we are more in need of at present than a few cozy dwelling houses for tenement purposes. The stranger coming here now cannot find a house for rent, and if he does not feel able to board his family till he can buy a lot and build he will move along to other fields. The demand for dwelling houses will increase 100 per cent before next winter, and every dollar invested in such improvements will then bring in from 20 to 25 per cent. It would not require a very large amount of capital to start a building association upon the plans followed in the East, and the subject is worthy of serious consideration. We commend the undertaking to some of our enterprising citizens.

Postmaster Miller and Mr. Peter Will have been subpoenaed to appear before the United States Court at Bernalillo, New Mexico, next week, as witnesses against a fellow who purloined from the United States mail sack a money order sent last year from this office to Mr. John Ruckelshausen. It is a long way to have to go to attend court, but justice must be satisfied though the continent must be traversed.

The catalogue of mean things in the world is lengthy, but the prize item in the list is the anonymous letter writer. Of all the items in the category of disreputable things, we know nothing so utterly unpardonable, so completely contemptible as the anonymous letter writer. If a man has a grievance to satisfy he should do it openly and not sneak behind an anonymous letter. That is the subterfuge of a coward.

Mr. Joe Champion, the well known lumber dealer of Casa Grande and Pinal, is now erecting a large sawmill in one of the finest timber belts of northern California, and hereafter will manufacture his own lumber and mining timbers. As soon as the railroad reaches Tempe he will open a large lumber yard at that place, but still retain his business at Casa Grande. Mr. Champion has amassed a large fortune in the lumber business, and will augment it by his new enterprise. He is a shrewd business man.

It is our intention to write up the resources of Pinal county in detail as soon as we can collect the necessary data, and we do not think it will take over two weeks to do that, but any three weeks at the farthest. Parties desiring extra copies of that edition should send in their orders in advance, as we shall only print the number of extra copies ordered. The article will make about four columns and cover every branch of information desired by those seeking investment of any kind. Do not delay ordering your extra copies.

Under Sheriff Thomas, who visited Mineral Creek this week on official business, brought home with him some beautiful and rich specimens of carbonate ore from the mines of Messrs. Shaw, Horn and McCallen. The specimens are liberally sprinkled with horn silver, and look as if they would assay very high. It seems strange that with all the rich ore there is in sight in this truly wonderful district no company has yet taken hold of the carbonate mines of the district. No better field for legitimate mining could be found.

Mr. Josephus Phy, who returned from Cave Creek this week, says there is every prospect of lively times there in the near future. Preparations are making for the erection of an 80-stamp mill on the large gold vein of the district, and it will be so conveniently situated that the ore can be dumped from the shaft into the mill. The ore body is five feet wide and runs from \$7 50 to \$150 per ton in free gold. Other veins in the district look well and a large number of miners are at work on the various mines.

Deputy United States Marshal Wm. Smith passed through here Saturday with three Indian prisoners, all of whom committed murders within the limits of the San Carlos reservation. One of them, Nah-dig-az, is the fellow who murdered Lieutenant Mott, and the other two, Ash-ke-chal-tap and Me-nib-tah, murdered fellow members of their tribe. The Marshal took them to Phenix, where they will be tried in the United States Court under the recent act of Congress making all offenses committed by Indians, on or off the reservation, punishable by civil law the same as the misdeeds of civilized man.

Just as we were going to press a dispatch came from Wells, Fargo & Co., stating they would pay a reward of \$2,000 each for the arrest and conviction of the train robbers. This makes a very handsome reward—\$2,000 from Wells, Fargo & Co., \$1,000 from the Southern Pacific, \$200 from the United States and \$200 from the Territory. This would make \$3,400 for each robber, an amount worth looking for. Some persons here imagine Mexicans perpetrated the deed, but the history of such offenses convinces us that Americans did the job. All the history of criminal offenses in Arizona goes to prove that Mexicans have never undertaken an enterprise of this kind. Only Americans have the audacity to hold up a train with 300 passengers aboard.

A private letter received from Vekol Thursday informs us that water has been struck in the well now sinking at the Vekol mill at a depth of 400 feet, but the well will be continued down to a depth of 1,000 feet in the belief that artesian water can be found. The vein of water already tapped is a strong one, but if artesian water can be obtained it will be of immense value to the Vekol camp. Work around Vekol is progressing at an unusually lively rate, and the camp seems upon the verge of a boom. As stated elsewhere, Mr. H. Hind has struck it rich upon his claim one and a half miles from the Vekol, and Mr. Day, Superintendent of the Vekol, has struck fine ore upon the east extension of the Hind property. The ore is of the same character as that of the Vekol, and the quantity is large. Mr. Chris Johnson, who owns a fine claim near the Vekol, has commenced work upon a tunnel that will, when completed, tap the vein 100 feet below the surface. The openings already made upon the vein make a splendid showing, the ore body having a uniform width of four feet, and running high in both gold and silver. Mr. Peter R. Brady, Jr., who is employed at the Vekol, has opened a Spanish class and has a large attendance.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety, nervous and generally out of sorts and want to brace up. Brace up, but not with stimulants, spring medicines or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and then leave you in worse condition than before. What you want is an alternative that will purify your blood, start healthy action of liver and kidneys, restore your vitality and give renewed health and strength. Such a medicine you will find in Electric Bitters and only 50 cents a bottle at J. D. Rittenhouse's.

Train Robbed.

The west bound express train was robbed Thursday afternoon about seven miles east of Tucson. There were about 300 passengers aboard and all of them robbed. The amount taken from the passengers is said to be \$40,000. We have not been able, so far, to ascertain the details of the robbery. Sheriff Fryer received the following dispatch relative to the matter:

SAN FRANCISCO, April 28, 1887.
 Agent Wells, Fargo & Co., Florence: Express car of S. P. R. R. west bound was robbed yesterday, seventeen miles east of Tucson, by four or five men. We offer a reward of \$1,000 for the arrest and conviction of each, in addition to a like reward offered by the S. P. R. R. Co. The United States mails were also robbed, and the government offers \$200 reward each for the robbers.
 COOPER, Supt.

Most Excellent.

J. J. Atkins, Chief of Police, Knoxville, Tennessee, writes: "My family and I are beneficiaries of your most excellent medicine, Dr. King's New Discovery for Consumption; having found it to be all that you claim for it, desire to testify to its virtue. My friends, to whom I have recommended it, praise it at every opportunity." Dr. King's New Discovery for Consumption is guaranteed to cure Coughs, Colds, Bronchitis, Asthma, Gravel, and every affection of throat, chest and lungs. Trial bottle's free at J. D. Rittenhouse's. Large size \$1.

The adjourned meeting of the members of secret orders was held at the hotel Wednesday evening and the report of the committee received. The report was a verbal one, and suggested that a stock company should be organized to build a hall, making the capital \$5,000 in shares of \$10 each. Mr. J. D. Rittenhouse appeared before the meeting and stated that parties were talking about erecting a hall here, and would decide upon the matter in a few days. In view of this fact the meeting continued the committee, with instructions to obtain estimates of the probable cost of a hall and information of the intentions of the parties mentioned by Mr. Rittenhouse. The meeting then adjourned to meet again next Sunday afternoon at 3 o'clock to receive the further report of the committee.

Mr. William Clarke is trying a new experiment in iron roofing on his Main street block. The great objection to the use of iron roofing in this climate heretofore was its tendency in the summer to convert all buildings upon which it had been placed into a bake oven. Mr. Clarke thinks he can remove this objection, and his plan certainly looks reasonable. He proposes first to spread a canvas over the rafters, then put on a thin layer of clay. On top of this he will spread about four thicknesses of paper and then another thin layer of clay. On top of this he will place the sheathing, then put on the iron. The layers of paper and clay will, he thinks, prevent the heat from the iron penetrating to the ceiling below, and if so the roof will be as cool as a dirt roof and far superior to a shingle roof in every other particular.

The four Mexicans who held up and hanged up Mr. W. H. Wheaton last week at his ranch on the San Pedro river, just across the Pinal county line, have been captured and, with one exception, are now in the Pima county jail. The exception, Apada, is the one who was killed while resisting arrest. The other three are Pancho Gomez, Fernando Vazquez and Librado Pueblo. Gomez, the leader of the gang, has confessed, and states that the other three mentioned were with him. These arrests will break up a dangerous gang who have been robbing and murdering in Arizona and Sonora for some years past. They had hiding places in the south end of the Tortilla mountains, this county, and in the Santa Catalina mountains in Pima county, and in the mountains of Sonora, and up to the present time had successfully eluded all pursuers. Their success in this caused them to lose their caution.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, Tetters, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. D. Rittenhouse.

Take It In Time.

A man who presents an appearance of debility, whose countenance is anxious, and who is subject to spells of faintness, is liable to sudden death from heart disease. Let him take Dr. Flint's Heart Remedy before it is too late. At druggists. \$1.50. Descriptive treatise with each bottle; or address J. J. Mack & Co., S. F.
